U.S. Probation Officer Action:

On May 21, 2024, the undersigned submitted a Report on Individual Under Supervision, notifying the  
Court of a positive urinalysis submitted by Mr. Baldwin. The report described the clinically supported  
plan to increase Mr. Baldwin’s level of care and have him enter residential substance abuse treatment.  
The Court endorsed the report on May 21, 2024.

Subsequently, Mr. Baldwin successfully completed residential treatment at Maryville. As a part of his aftercare, Mr. Baldwin was referred to Oaks Integrated Care for outpatient substance abuse treatment. On August 21, 2024, Mr. Baldwin completed his intake assessment, in which he submitted the positive urinalysis.

Mr. Baldwin submitted to a urinalysis on August 28, 2024, which was negative for all illicit substances.

The undersigned discussed the positive urinalysis with Mr. Baldwin and his assigned clinician at Oaks. Mr. Baldwin stated that he continues to struggle with responding to stressors in his life without relapsing on cocaine. Mr. Baldwin's clinician confirmed that this will be a focus of his treatment and will be addressed in his relapse prevention plan.

The Probation Office seeks only to notify the Court of Mr. Baldwin's non-compliance with no other formal action taken at this time. Mr. Baldwin was notified that continued non-compliance would result in progressive sanctions—to include a period in a Residential Reentry Center.
